What our customers say

“The same job that used to take five employees can now be done with just one! This allows more employees to be available to serve our customers”

Kay Sawyer
Linn County REC

What our customers say

“We used to have 4 full time people that spent 8 hours per day to process payments. After installing the Remit Plus software, 1 person can do the same job in about 2 to 3 hours.”

**Patti Hollis
City of McKinney, TX**

What our customers say

“We process between 400 to 800 mail payments daily. We used to manually key each payment which took many hours each week along with creating data entry errors. Now the process runs smoothly with virtually no errors and a lot of time saved. The searching capabilities are outstanding for researching problem payments and returned checks”.

Chery Hulet

Dixie Escalante Electric

What our customers say

“The time savings gained by not having to manually process every payment received allows more quality time spent educating customers and selling our products and services.”

“I could not eat, sleep or breathe without RemitPlus. In fact, I probably wouldn't be living, if it weren't for the miracle known as RemitPlus that has been brought into my life...”
